

Kampfgruppenes Walther and Huber

September 22, 1944

On Day 6, the Germans tried again to capture Veghel with a coordinated two pronged attack. From the northeast came KG Walther, spearheaded by the 107th Panzer Brigade. From the southwest came KG Huber, built around a regiment of the 59th Grenadier Division. Although failing to capture the town, this attack cut the highway south of Veghel for 24 hours.
